Medford, WI , 54451-9702

To Whom It May Concern:

The City of Burlington has witnessed many road construction projects in the past several years. These projects take a great amount of police involvement to coordinate traffic and business concerns. Your construction firm coordinated a project in the city during the summer of 2008, the reconstruction of Highway 83 and Highway 11 by-pass.

I typically spend time at the weekly meeting to ensure things are done correctly and area business concerns are met. Mr. Kleist kept me well informed and I heard numerous compliments from area business as to the open communication between your personnel and the progress of the project. I am sure this communication and the fact that all promises were kept is what made this project a success.

Please extend my congratulations on a job well done to Mr. Kleist and his crew.

Sincerely,

Scot A. Eisenhauer
Chief of Police

cc Mr. Jay Kleist
