

Great things happen for communities when we all work together!

Because of Peterson Concrete's belief that Black River Industries (BRI) was a vital part of the Medford community Forward Bank added BRI to the list of charities that receive contributions through the Charitable Money Market Account.

Customers of Forward Bank can choose BRI as their designated charity, and at the end of the year, 0.25% of the designated money market balance is donated to BRI.

In 2017, Forward Bank donated over \$4,000 to BRI on behalf of customers and companies like Peterson Concrete.
